

**Statement Regarding
Zirconium Dioxide
In SST Sensing Oxygen Sensors**

The following statements apply to all Zirconium Dioxide (also commonly referred to as ZrO₂ or Zirconia) oxygen sensors manufactured by SST Sensing Ltd.

- All Zirconia O₂ sensors are manufactured with industrial-grade zirconium dioxide (ZrO₂)
- The ZrO₂ material is not manufactured for nuclear applications and has a Hafnium (Hf) content greater than 2% by weight.
- The product is intended solely for industrial oxygen measurement applications

Signed for and on behalf of SST Sensing Ltd.

Paddy Shannon
Operational & Engineering Excellence Director
